

ROOTS

VIN DE FRANCE MERLOT

Merlot

This grape variety is produced in south of France. It brings to wines nice purple colour, suppleness, aromas of red fruits.

This well-balanced wine is characterised by its roundness. The nose is fruity and in mouth it reveals soft tannins and suppleness. You'll appreciate it in its youth.

To drink young.

Serve around 14°C to 16°C.

This wine will be perfect with a rib steak or a burger. Roasted poultry and grilled vegetable also go well with this Merlot.
